

# Melissa Hui

UX Designer

<https://www.melissa-hui.com> | (510) 876-1592 | [melissahui56@gmail.com](mailto:melissahui56@gmail.com)

## EDUCATION

### University of California, Irvine

B.A. in Urban Studies with a minor in Digital Arts

June 2024

Cumulative GPA: 3.89

## EXPERIENCE

### Taylor Corporation

January 2023 - Present

*UX Design Intern*

- Developed and managed a comprehensive design system for an e-filing and tax form software to unify the visual language and user experience across the design team
- Created interactive prototypes for a recently developed HR product to communicate design concepts and gather feedback from the design team, developers, and stakeholders
- Led the design process for a new HR training application, conducted user research, created wireframes and mockups, and developed interactive prototypes
- Contributed to the graphic design of landing pages for a newly launched HR product to effectively showcase products and engage users
- Led interface redesign initiatives to improve user satisfaction and product performance

### Design@UCI

October 2021 - June 2023

*UI/UX Designer*

- Collaborated with a team throughout the entire design process to create mobile applications
- Utilized Figma to develop wireframes, mockups, and interactive prototypes, facilitating efficient design iteration and communication of design ideas
- Led user research, including interviews, surveys, competitive analysis, and information architecture studies, to inform design decisions for improving user experiences
- Designed responsive interfaces to deliver user-friendly experiences tailored for seamless usage across various devices and screen sizes

## SKILLS
